WAREHOUSE OPERATION IS COMPLEX

How do you:

- Increase productivity
- Control labor costs
- Staff for growth and peaks
- Innovate for your customer
- Scale to meet demands & opportunities

LOCUS IS THE RIGHT-SIZED SOLUTION

GREATER PRODUCTIVITY

- Proven 2x-3x productivity increases with highly optimized multi-bot system
- 100% order accuracy
- Lower labor costs
- Significantly faster cycle times vs. traditional cart or follow-bot systems

FLEXIBLE & SCALABLE

- Easily deployed into existing infrastructures & aligns with current workflows
- Scales quickly and seamlessly to meet changing demand and seasonality
- Easily moved & redeployed to new sites as needs change

WORKER-FRIENDLY

- Fast training and easy operation
- Simple, easy to use user interface
- Gamification features improve performance
- Multi-language display increases order accuracy
